Texas Higher Education COORDINATING BOARD **Academic Planning and Policy**

MEMORANDUM

September 1, 2017

To: Presidents, Chancellors, Reporting Officials, IR Officers, Liaisons

(copied), Chief Academic Officers, Chief Instructional Officers, Chief Financial Aid Officers, and Registrars at Texas Public Institutions of

Higher Education

From: David W. Gardner

RE: Timely Disbursement of Financial Aid Funds and Tuition Refunds

The information below pertains to the timely disbursement of financial aid and tuition refunds. Please don't hesitate to contact me at david.gardner@thecb.state.tx.us if the Coordinating Board can be of assistance on any other storm-related issues.

Timely Disbursement of Funds

The Timely Distribution of Funds section of the Administrative Code (Section 22.2) includes a Timely Disbursement expectation. This expectation requires institutions to disburse student financial aid funding (other than work-study) to a student recipient's account no later than three business days after receiving the funds. Undisbursed funds must be returned to the Coordinating Board no later than six business days after the receipt of funds.

For those institutions impacted by the storm (see list in attachment 1), the Timely Disbursement expectations will be adjusted as follows:

- Institutions impacted by the storm should disburse state student financial aid funding to a recipient's account as quickly as your operations will allow in light of the impact of Hurricane Harvey;
- Institutions impacted by the storm have 30 business days after the receipt of the funds to return undisbursed funds to the Coordinating Board.

This adjustment of the Timely Disbursement expectation will apply to all state financial aid funds disbursed to institutions by the Coordinating Board through September 30, 2017, after which, the current administrative code will apply.

Institutions on the attached list do not need to make a specific request to utilize the adjusted expectations. If your institution is not included on the list of schools located in affected areas, but did suffer disruption that will prevent you from meeting the standard timely disbursement expectations, please contact Charles Puls at Charles.Puls@thecb.state.tx.us or 512-427-6365.

Tuition Refunds at Two-Year Colleges

As per the memo sent on August 28, 2017, the Coordinating Board has allowed institutions affected by Hurricane Harvey and its aftermath to delay their Census Date and fall enrollment reporting for up to two weeks. Refund policies are tied to the Census Date for community/junior and technical colleges, which are required to collect minimum payments under Texas Administrative Code (TAC) 21.5 (see attachment 2). The Coordinating Board strongly encourages affected institutions to allow for more generous refund policies, as warranted. In addition, we hope that both affected and non-affected institutions will work individually with students who were directly impacted by the storm, should more flexibility be needed related to tuition refunds.

Note that, as related to TAC 21.4, regarding dates for reporting official enrollments to the Texas Higher Education Coordinating Board by community colleges and the collection of tuition from students who are counted for formula funding, fall 2017 is not part of a formula funding base year, which provides greater flexibility around reporting requirements for student enrollments. Institutions should contact Victor Reyna at Victor.Reyna@thecb.state.tx.us regarding reporting requirements should delays be anticipated as a result of students with special circumstances.

Tuition Refunds at General Academic Institutions (GAIs) - including Health-Related Institutions (HRIs)

As per the memo sent on August 28, 2017, the Coordinating Board has allowed institutions affected by Hurricane Harvey and its aftermath to delay their Census Date and fall enrollment reporting for up to two weeks and to adjust their 20th class days accordingly. Refund policies are tied to the 20th class day date for GAIs, which are required to collect minimum payments under Texas Education Code (TEC) 54.006 (see attachment 2). The Coordinating Board strongly encourages all institutions to consider more generous refund policies, as allowable by 54.006 (b-2) for students who were directly impacted by the storm.

Note that, regarding dates for reporting official enrollments to the Texas Higher Education Coordinating Board, fall 2017 is not part of a formula funding base year, which provides greater flexibility around reporting requirements for student enrollments. Institutions should contact Victor Reyna at Victor.Reyna@thecb.state.tx.us regarding reporting requirements should delays be anticipated as a result of students with special circumstances.
